

# SIZE CHARTS & FIT INFORMATION

## How to Measure for Men

**Neck:** Measure around base of neck (lowest part). Number of inches equals neck size.

**Sleeve Length:** Start from the center of the back of the neck and measure across the shoulder to the elbow and down the wrist.

**Chest:** With arms at sides, measure across fullest part of the chest, under arms, and across shoulder blades. Keep tape measure straight across back.

**Waist:** Measure your natural waist at the height you normally wear your pants. Keep the tape measure firm but not tight.

**Inseam:** Measure inside of leg from crotch down to top of shoe. Or measure a similar style of pants that fit well. Measure from the crotch seam to the hem.
